General Information

LOCATION—The sale will be held in the modern heated sale pavilion on the Osceola County Fair Grounds just three blocks west of the main intersection in Sibley, Iowa. Sibley is at the junction of Highways 9 and 33, and excellent paved and graveled roads run in both directions. It is on the main line of the Chicago & Northwestern Railroad.

TIME—The sale will start at 12:30 p.m. on Tuesday, January 9, 1962.

TERMS—The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off and will be loaded in compliance with instructions from purchaser.

GUARANTEE—All cattle are sold subject to a 60 day retest for tuberculosis. Health certificates will be furnished to enable them to be shipped into any state or territory. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed he may be returned to the seller if in as good condition as when sold; if after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation.

Any claims for adjustment because an animal is a non-breeder must be made within ninety days of the date of the sale.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager, nor the clerk of the sale assumes any liability, legal or otherwise.

PEDIGREE CERTIFICATES—A certificate of registry and transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalogue they were furnished by the consignors or written from information supplied by the consignor.

FOREWORD

The TRI-STATE SHORTHORN SHOW AND SALE will hold it's 22nd Annual Sale at Sibley, Iowa, on January 9, 1962.

Many times this has been one of the top district sales. The quality and rich breeding of the cattle offered has always been outstanding.

This year we offer 29 bulls that are nearly all of serviceable age, high quality and rich breeding. We offer cows with calves and re-bred, bred cows and heifers, and as a new feature we offer 6 outstanding heifer calves that are the right age and eligible to show as purebred 4-H heifers in 1962 purebred 4-H heifer projects.

Therefore, attend this sale because there will be a great selection of serviceable aged bulls and some top females offered.

ALBERT J. HAMANN, SECRETARY-MANAGER.

MERDALE CLIPPER MERCURY—A very good headed, well balanced 2-year old bull of the best of Mercury breeding has had considerable service in our herd. We have 11 real good calves by him and the females we are selling will feature his service. His full brother was the 1960 Tri-State champion bull. Selling only because he is closely related to many of our females so his use is limited. A real opportunity to buy a tried and proven young sire.
